REFLECTIONS

Wish you a Happy Independence Day and Friendship Day

FROM THE CORRESPONDENT'S DESK

Dear Parents,

On behalf of the Management, Teachers and staff of the school, I take this opportunity to thank the parents for their unstinted support and whole hearted cooperation during the last couple of years when the physical classes were not conducted as a consequence of the pandemic.

During the pandemic, when the school was closed, we have done our utmost to see that the students were imparted the best possible education through E-learning classes.

We are pleased to have our students back at school and notice that they are getting back to the normal school routine. However, due to the long absence from school there are certain areas like their speaking, reading, writing skills and certain concepts in Maths and Science which require special attention. We are doing our best to bridge this gap by paying greater emphasis in these areas and we are very confident that the school, along with the cooperation of the parents, would be able to address these issues.

I sincerely believe that a close bond between the students, teachers and parents is the secret to the all-round development of a child and needless to say, our children come first always and every time. Good schooling does not merely imply good marks but extends much beyond that, as it encompasses good values, habits and manners, discipline, pleasing personality, good communication skills, health and hygiene and physical fitness to mention a few. It has been our endeavour to combine a healthy mix of these aspects in our curriculum to make a complete person.

Despite the odds as a result of the pandemic our students have done exceedingly well in the 10th, 11th, 12th Board Exams. I am proud to announce that not only did we secure centum results in all the three Board Exams, but our students also secured four centum marks in class X, 15 centum marks in class XI and 21 centum marks in class XII Board Exams in various subjects, which is an achievement by itself.

Our focus has always been and will continue to be on introducing and implementing good learning practices so that our students excel in this competitive world.

I would like to assure the parents that this school is totally committed to the cause of good education and all-round development of the students and your cooperation and support will certainly help in taking this forward.

We will keep you posted on the developments of the school through this bulletin, REFLECTIONS at regular intervals.

With Best Wishes

Brigadier MI Hussain (Retd.)

Chairman & Correspondent

I BELIEVE IN THE MAGIC OF BOOKS

- by Jyothirmayee .M, CL. X

The best way to get knowledge about anything is through a book. Books are believed to be the best friend of every man on Earth as they never lie to them. They keep increasing our knowledge and awareness about any topic existing in the world. Knowledge through books help us surely in many ways.

Reading daily is one of the best habits one can possess. It develops our imagination and provides us with a fortune of knowledge. It plays a very crucial role in enhancing our knowledge and broadening our mind. Reading books improves our communication skills as well. It helps us to express our thoughts in speech. Not only does it improve our communication but it also makes one a better writer.

Books are the best companions in loneliness. A home without a book is darker than one without a lamp.

“ The more you read,
The more things you will know.
The more you learn,
The more places you'll go”

- Dr. Seuss

LESSONS I LEARNT FROM THE NOVEL – ALICE IN WONDERLAND

- by Gladys Deborah.S, CL. IX

Alice in wonderland is a fictional novel which explains about the life of a 19-year-old girl named Alice, who dreamt about a wonderland with weird creatures.

In this novel, Alice used to dream about strange creatures which do not exist. She thought that she was crazy to think like this, but her father explained to her by saying, “But all best people are”. This gave Alice the courage to continue her path.

In the novel, there was a wise caterpillar named Absolem, who told Alice what to do. Then a cat called Chessur led her to a man called Hatter. Hatter was a funny and kind man ready to sacrifice himself for Alice. He gave Alice the courage to slay the dragon with the help of Chessur. When Alice struggled to decide Absolem helped her by reminding her of some joyful memories.

To conclude, I personally admire Alice because she wanted to stand-up on her own even when she couldn't decide. With the help of wonderful, kindhearted creatures in the wonderland, she transformed herself into a clever, brave and courageous girl, like the transformation of the caterpillar into a beautiful butterfly.

INDEPENDENCE DAY

- by Keziya .P, CL. III

Independence Day is celebrated on 15th August every year. It was after a long and peaceful struggle that our freedom fighters got us our independence on 15th August 1947.

We celebrate Independence Day to remember the struggle of our great freedom fighters. We organise different programs in our school. We hoist the National Flag and sing the National Anthem to express our gratitude to our freedom fighters and our great Nation.

This day teaches us about the power of unity as well as patriotism among the Indians. It inspires us to stand united and work together forgetting the differences of caste, language and religion. Unity in diversity is the fundamental path and strength of India. We must always take pride in our Nation and serve the Nation in some way or the other, which brings laurels to this great Nation of ours.

WHAT IS FRIENDSHIP?

- by Kaushik .N, CL. III

1. Friendship is one of the most precious gifts of life.
2. Friendship is such a relationship in the world that man makes himself.
3. Friendship is a divine relationship between two or more people
4. Friendship is another name to take care of and support each other.
5. Friendship does not have age boundaries.
6. Friends are loyal and supportive towards each other who in turn support each other during bad times.
7. True friendship always shows the right path to the person.

NATURE'S LOVE

- by Swathisree, CL. IX

I Love Nature,
because it is full of beautiful creatures.
I love trees,
because it is full of beautiful leaves.
Nature is God's gift,
But we people are wasting it.
Nature is a gorgeous gem.
Grassy valleys, lofty mountains,
tall trees, blooming flowers
are a feast for my eyes,
I'll love nature forever.
I won't destroy it ever.

MY SUMMER TRIP TO THIRUVARUR

- by Anusha. K, CL. IV

My family went to Thiruvavarur for this summer vacation. At Thiruvavarur, we went to ThiyagarajaSwamy temple. It is one of the largest temples in Tamilnadu. The temple has nine Gopurams and many smaller shrines inside it. The temple has two main shrines of Siva and Thiyagarayar. This temple is famous for the largest number of shrines in the same complex.

We also saw five temple chariots. The main chariot of Thiruvavarur is the largest in Asia. It weighs 300 tones at a height of 96 feet. There are four smaller chariots in Thiruvavarur Thiyagarajar Temple.

The chariot festival takes place once a year during the months of April- May. The temple has the largest temple tank in Tamil Nadu. The temple tank is known as Kamalalayam. People say that the temple tank never goes dry. There is also a museum located within the temple complex.

We saw a huge Buddha statue at the entrance of the museum. The Buddha statue belongs to the 10th century and is five feet tall. There were many ancient stone statues, coins, inscriptions, weapons, musical instruments, palm leaf manuscripts, wooden carvings and idols made of brass, bronze, copper, and silver. This temple is a rich cultural heritage of Tamilnadu. We really enjoyed the trip.

SIX LITTLE STORIES WITH LOTS OF LESSONS

- by Sujathaa. R - Dept. of Computer Science

- ❖ Once all villagers decided to pray for rain. On the day of prayer, all the people gathered, but only one boy came with an umbrella. That is **Faith**.
- ❖ When you throw babies in the air, they laugh because they know you will catch them. That is **Trust**.
- ❖ Every night we go to bed without any assurance of being alive the next morning, but still we set the alarms to wake up. That is **Hope**.
- ❖ We plan big things for tomorrow in spite of zero knowledge of the future. That is **Confidence**.
- ❖ We see the world suffering, but still, we get married and have children. That is **Love**.
- ❖ On an old man's shirt was written a sentence 'I am not 80 years old; I am sweet 16 with 64 years of experience.' That is **Attitude**.

COOKING MY PASSION

- by Reya Roji, CL. X

My name is Reya Roji, I am better known as Chottu, passionate in becoming a chef. When I was 11 years old, I came across cooking show videos. These videos brought about an interest in me to cook on my own. Therefore, I decided to make cooking my passion. Slowly, I focussed on preparing desserts because they were presentable. I decided to become a pastry chef. My parents encouraged me to choose this career. Hence, I gained confidence and started preparing more dishes. Every time I look at what I've cooked, I feel satisfied and more confident of my own work.

Cooking as a pastime has now become a part of me. It has also made me want to help the poor by serving them with food. As I look at their tummies turn full, I feel immensely blessed beyond measure.

INDEPENDENCE DAY

- by Mukilesh .P, CL. IV

Saffron, White and green.

These are colours of our dream.

Courage, Purity and Prosperity.

These are the meanings of our Dream.

We should work hard for our Dream.

We should take pride and keep our Nation clean.

This is my India,

This is my Dream.

"I love my India"

"Jai Hind, Jai Bharat"

TIMECOMES AND GOES

- by Jayashreenidhi .K, CL. VII

Years will come
And silently fade away,
Into these treasuries
Holding our memories.

Year will come
And wriggle away stealthily;
As graceful as a snake,
As silent as a shadow.

Year will come
but you won't see,
years will go
but you won't believe;

So, cherish each breath
And smile a little more,
For you won't know
When years will come and go.

MOM – MY BEST FRIEND

- by Jashiraa Shabrein, CL. XI

I have made many friends.

I know a lot of people.

None of them are exactly alike.

But there is one that stands out from the crowd.

She is my very best friend.

If people bother me, she tells them to leave me alone.

If she notices I'm sad or in a bad mood,
she asks me what's wrong.

She won't shrug or take nothing as the answer.

She is always there for me when I need a friend.

She doesn't laugh at me when I tell her something.

For all of this I am glad she is my best friend.

I couldn't thank her more.

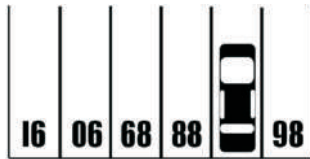

She has been there for me when I needed, a friend the most.

A friend in need is a friend indeed.
